Economía

Centro di Oranjestad tin bida ainda pero falta vision economico

Black Friday' a confirma cu siman pasa cu centro di Oranjestad, principalmente Caya Betico Croes, ainda tin bida, ainda tin posibilidad di transforma su mes den un centro economico positivo pero pa rekeri esaki, ta necesario pa tanto e sector comercial como esun gubernamental haya otro riba diferente punto pa asina e centro bira e alternativa comercial cu e tabata antes.

Consumidonan cu a bay para den rij for di oranan di marduga, algo prome cu solo a Sali diabierna ultimo, buscando un forma pa yega na cumpra nan necesidadnan na un prijs mas alivia cu loke pueblo a conoce desde entrada oficial di BBO na frontera na inicio di año.

Henter mainta y den oranan di merdia y atardi, centro a keda colma cu ciudadanonan buscando algo cu lo duna mas balor na nan florin y esaki a sigui asina te na bahada si solo pero no ta tur hende a haya bon ganga, no ta tur hende a keda complaci pa e prijsnan reduci cu a wordo presenta.

Economicamente pa comerciantenan, sin

duda e 'black Friday' a bay hopi bon, un tiki mas pa un y un tiki menos pa e otro pero segun calculonan inoficial cu AWEMainta a ricibi, ta muestra cu tin negoshinan cu a supera entrada di riba 100 mil florin diabierna ultimo y algun hasta superando e barera di un kwart miyon cual sin duda ta bolbe duna indicacion cu recuperacion economico ta bayendo den super bon direccion.

Centro di Oranjestad a haya un bida nobo diabierna ultimo, caminda a bolbe keda demostra cu su tin un vision economico y comercial adecuado, Oranjestad lo por recupera su aspecto di progreso economico den futuro cercano pero no cu e plan cu gobierno tin na e momentonan aki.

E falta di dialogo ta bisto, ya cu fuera di algun reunion cu por wordo considera mas bien un tipo di 'get together' no tin algo concreto, algo realistico sin duda pa haya mas movicion comercial den centro di ciudad.

Diasabra a tuma luga otro evento caminda a cende luznan di Pasco cu tambe a

hala hopi hende pa bin den centro di Oranjestad pero sin duda a keda proba cu ta rekeri mucho mas atencion comercial y economico mas concreto, pa logra na re-converti Oranjestad den loke e tabata antes ya cu tin suficiente posibilidad pa logra esaki.

Un di mayor contratiemponan cu tin na e momentonan aki, ta e falta di fondo di parti di gobierno, pa inverti den un plan comercial multi funcional pa percura pa un miho desaroyo economico den centro, ya cu a pesar cu hopi negoshi di antes a dal porta cera durante di pandemia, diabierna a keda demostra cu pueblo lo regresa pa haci compra den centro na momento cu tin mas posibilidad pa cu esaki.

Pa loke cu a resta di e temporada di fin di año, gobierno tin cu bira mas activo manera cu antes esaki tabata, buscando actividadnan comercial hunto cu comerciantenan combina cu atraccionnan musical of cualkier tipo di posibilidad pa mas hende por bende nan obranan, durante fin di siman combina cu e ambiente festivo di Pasco y fin di año.

Tendencianan den Politica Hulandes segun Observacion

Despues di mira un di e ultimo debatenan cu lidernan politico Hulandes a dirigi; un tendencia claramente a wordo observa den e direccion cu votonan por bay. E tendencia aki, expresa por medio di e aumento di asientonan cu cierto partidonan a logra, ta indicando un deseo di haci Hulanda mas pa e Hulandesnan, sintiendo cu nan derechonan actual no ta

completamente loke mester ta.

Hulanda ta enfrentando problemanan grandi manera escasez di vivienda y tambe den enseñansa; refleha den e programanan di partido, cu ta muestra un deseo di reduci e cantidad di studiantenan internacional, mientras anteriormente Hulanda hustamente tabata pone énfasis pa stimula esaki.

Como miembro di parlamento, mi por confirma cu durante nos biahenan y reunionnan di IPKO y contacto frecuente cu miembronan di parlamento di diferente partidonan; e tendencia aki tabata notabel. E actitud di gobierno di Aruba, cual a ser describi como koppig y contra e RAft y acuerdonan haci, sin tuma decision y prolongando situacionnan, te na punto di trece informacionnan robes pa parlamento, a resulta den criticanan frecuente door di cierto miembronan den Tweede Kamer. Nan a expresa tambe riba e plataforma di IPKO cu esaki ta nan placa di pagado di belasting y cu nan mester duna cuenta na nan votadonan na Hulanda, frasenan cu anteriormente no tabata wordo menciona asina facil. E tono di cooperacion anterior a cambia den e plataforma actual.

Awor nos ta den un periodo crucial pa mira con señor Wilders lo maneha e situacion do formacion y mi reaccion inicial ta cu no solamente na Hulanda nos ta observa eleccionnan cu ta inclina mas pa e banda derechista. Na Hulanda, nos a mira cu gobierno a cay mayormente pa asuntonan di asilo y inmigracion, y no ta tur cos nos ta mira den media, pero tin suficiente preocupacion den pueblo den diferente ciudad y pueblo chikito na Hulanda, unda cu nan ta sinti nan mes menos confortabel cu e tendencianan di inmigracion di e ultimo añanan. E periodo aki ta uno spannend pa nos observa con e proceso di formacion lo muestra, ya cu e ta revelando ken lo bay colabora cu ken.

Spera gobierno compronde su propio proyecto 'Limpi Limpi'

Falta 35 dia pa cumpli un año cu Minister Ursell Arends oficialmente a pone candal riba porta di e dump na Parkietenbos, caminda pueblo ya no por hiba su desperdicio di cas na e sitio aki, pensando cu e decision aki lo a soluciona henter e situacion di sushi di e isla.

Sinembargo a keda demostra cu na momento cu Minister Arends a dicidi di pone candal riba e porta di waya y tabla di e dump, su gobierno y su persona no a pensa cu e decision aki, cu por ta husto pa diferente motibo, lo a ocasiona un problema ainda mas grandi pa loke ta e forma con pa pueblo deshaci di su sushi di cas.

Minister y su gobierno a presenta alternativanan, cu inicialmente a mostra un bon solucion pero asina cu pueblo a ripara cu cada ocasion cu e hiba sushi pa wordo procesa, esaki ta costa hopi placa, un placa cu mayoria den pueblo no tin, mirando e presion di un inflacion gran parti ocasiona pa medidanan di e propio gobierno di Minister Arends.

Despues di dos pa tres luna, ya por a mira den tur bario, den tur mundo cu gobierno su solucion pa atende cu desperdicio di cas, no tabata e solucion cu ta sirbi interes di tur hende y for di e eynan a nace un "monster" ainda mas grandi cu gobierno ni su minister a spera di lo a presenta.

A cera di dump grandi na Parkietenbos pero a habri centenaes di dump chikito den tur skina scondi, den cantidad di mondi caminda ta pasa tira sushi scondi ya cu financieramente e proceso nobo introduci pa gobierno, simplemente no ta sirbi e causa di pueblo.

Despues cu partido AVP a inicia c'un accion di limpieza den e bario di Dakota cu a bira un exito grandi, Minister Arends a dicidi di sigui e iniciativa aki y a introduci su proyecto cu a carga e nomber di "Limpi – Limpi" caminda ta pone container den varios bario, un bes pa luna, caminda tur hende por bin deposita sushi di cas sin cu mester paga pa esaki.

EXITO

Un exito sin duda algun, un alivio grandi pa hopi hende pero na mes momento un ehempel cu e maneho di tanto Minister Arends como su gobierno pa loke ta desperdicio di cas, simplemente ta un fracaso.

Minister a mostra na varios ocasion di ta contento cu ciudadanonan ta bin haci uzo di e oportunidad aki pa deposita sushi di cas den containernan cu gobierno ta huur pa e ocasion aki y for di mainta tempran por mira rij largo di pickup y otro autonan yena cu sushi pa benta den e containernan aki.

Sinembargo ta dificil pa interpreta e proyecto aki manera

Minister Arends y su gobierno kier interpreta esaki, ya cu e escenario cu por mira tur momento cu tin otro accion di Limpi Limpi, ta ehempel grandi di e fracaso di e maneho di gobierno.

E rij largo di ciudadanonan cu ta bin di tur bario, pa mostra e gran necesidad cu tin pa un miho plan y e proyecto Limpi Limpi, a yuda parcialmente pero no ta e solucion y ta birando dificil pa gobierno sigui cu esaki den año 2024.

Mester di un otro solucion ya cu tur caminda hendenan ta tirando sushi, hasta den cura di scol na Oranjestad, por mira varios saco di sushi cu a wordo tira cu ta sushi di cas y den tur skina scondi, ta bin haya sushi tira y practicamente hasta na sitionan turistico, por mira saconan preto di sushi tira riba otro cu ta duna un mal imagen pa loke e isla di Aruba ta representa den bista di turistanan y tambe di hendenan local.

E embahador a subraya e adhesion na derecho internacional y na diplomacia, disipando e nocionnan di guerra. El a destaca cu e movementonan di tropa destina na cuestion di seguridad interno ta forma parti di e “Operacion Roraima” contra e actividadnan ilegal, manera mineria di oro y narcotrafico. Perez Silva ta anticipa un splicacion detaya den Corte Internacional di Husticia (CIJ) riba e disputa teritorial andando, manteniendo e posicion historico di Venezuela di diplomacia riba e resolucion di conflicto. A pesar cu Venezuela no ta reconoce e hurisdiccion di CIJ, e ta sigui participa n’e audiencianan relaciona. Merca, Canada y e organisacionnan regional a condena e accionnan di Venezuela, haciendo referencia n’e derecho di Guyana pa explota su recursonan.

Banco Central Europeo ta adverti

Banco di Eurozone bao presion p'e aumento di incumplimento di pago

E ultimo indicacionnan di e Banco Central Europeo (BCE) a revela e prome señalnan di tension den e balans di e banconan di e Eurozone. E aumento di incumplimento y retraso di e pagonan di parti di e clientenan, a atribui n'e subida di e tiponan di interes, a lanta inkietud riba e estabilidad financiero di e sector bancario.

Ta nifica cu e subida di e tiponan di interes a impulsa inicialmente e entrada y e beneficianan di banco, e revision semestral di e estabilidad financiero di BCE, ta señala e aparicion di problema nobo. E costonan halto di financiamiento, e deterioro di e calidad di e activonan y e reduccion di e volumen di prestamo ta poniendo presion riba e prestamistanan, loke por afecta nan rendimiento futuro.

E informe ta reconoce cu e aumento di e falta di pago y e tardansa den pago parti di un nivel historicamente abao. A pesar di esey, BCE ta afirma cu e sistema bancario ta preparando pa maneha e empeoramento di e calidad di e activonan, danki na mecanismonan solido di capital y e nivelnan di likides.

Luis de Guindos, vice-presidente di BCE, a señala cu, aunke e turbulencianan observa den primavera a remiti, ta persisti e riesgonan p'e estabilidad financiero. E informe ta subraya e posibel consecuencianan di e subida di e tiponan di interes di BCE, cu por provoca un aumento di e costonan di prestamo, loke lo hiba e banconan na reserva mas fondo pa cubri e debenan sin cobra.

Guindoz a enfatisa riba e implicacionnan economico mas

amplio, advertiendo di posibel dificultad financiero p'esunnan cu ta presta cu un exceso di debe si e actividad economico decepciona of si e prijs di energia subi pa winter. E empresanan di real estate, en particular di e sector di bienes comercial, ta considera vulnerabel, ora cu e demanda di espacio pa oficina baha.

BCE a señala tres riesgo clave p'e banconan di Eurozone. Na prome luga un combinacion di falta di costo di bida, aumento di e costonan di servicio di debe y e recesion economico por afecta negativamente e calidad di e activonan bancario. Na di dos luga ta spera cu e reduccion di e volumen di prestamo debi n'e subida di e tiponan di interes y e endurecimiento di e criterionan di concesion di credito afecta e beneficianan di banco. Por ultimo, e informe ta premira un caida di ganashi den mayoria di e paisnan mientras cu e costonan di financiamiento ta alcanza e tipo di interes di e operacionnan nobo.

Aunke e mercadonan financiero parece ta resistente den actualidad, e animonan por cambia rapidamente, loke ta subraya e necesidad di mantene alerta n'e evolucion di e panorama economico. BCE tambe a adverti di e factornan externo, manera e conflicto entre Israel y Hamas, cu por desencadena un aumento di e panorama di riesgo den e mercadonan financiero, afectando e suministro di energia, confiansa y e crecemento economico y e indicenan di inflacion.

Discurso politico Hulandes riba internacioalisacion ta marginalisa academico y estudiante stranhero

Mientras cu e politica Hulandes ta intensifica su esfuerzo pa frenta e internacionalisacion na Hulanda, un encuesta reciente realiza pa seis medio di comunicacion universitario, entre nan U-Today, ta indica un creciente sensacion ‘unwelcome’ entre e studentenan y e personal stranhero di e universidadnan Hulandes. E encuesta, caminda cu a participa varios persona encuesta di e universidadnan di Groningen, Utrecht, Nijmegen, Delft, Wageningen y Twente, pone di manifesto e impacto di e debatenan politico riba internacionalisacion.

Desde casi un año pasa, e afluencia di estudiante internacional ta un di e temanan central di politica nacional Hulandes. Partido manera Nieuw Sociaal Contract y e fraccion di Pieter Omtzigt ta expresa nan preocupacion p’e creciente cantidad di estudiante internacional y ta boga pa limita e uzo di e idioma Hulandes den e universidadnan. E resultadonan indicativo di e encuesta ta revela un cambio den e sentimiento di e estudiante y e personal internacional: mas di 70% a sinti inicialmente bonbini na Hulanda, porcentahe cu a baha na 55% actualmente. Mientrastanto, esunnan cu no tabata sinti nan mes bonbini a aumenta di 16,5% pa 25%.

Aproximadamente 50% di e personanan encuesta ta atribui n’e cambio di percepcion n’e postura cada biaha mas negativo di e politica Hulandes p’e stranheronan, mientras cu 30% ta muestra riba e imagen negativo cu e medionan di comunicacion ta ofrece. E contestanan habri di e encuesta ta subraya e sentimentonan haya riba e discurso politico, cu descripcion cu ta bay for di “estupido” y “populista” y

“mirada cortico.”

E conocimiento di e medidanan parlamentario pa restringi e cantidad di estudiante stranhero y baha e uzo di e lenga Ingles den e universidadnan ta halto, ya cu mas di 90% di e personanan cu a haci e encuesta a scucha riba e iniciativanan. A pesar di e conocimiento aki, e sentimentonan riba e debate politico ta diferente, reflehando un espectro di opinion entre e academiconan y e studentenan stranhero.

E encuesta tambe ta indica cu, aunke en general e personanan encuesta ta sinti nan mes mas acogi den e ambiente universitario, ta persisti e preocupacion p’e integracion. Ta percibi un division entre e studentenan Hulandes y internacional y e casonan di discriminacion pafo di e ambiente universitario.

Aproximadamente 30% di e personanan cu a encuesta ta contempla e posibilidad pa bandona Hulanda debi n’e debate actual riba stranheria. A pesar di esey e postdoctoradonan y e doctoradonan ta muestra un mayor disposicion pa keda cu e resto di e personal academico.

E resultado di e encuesta ta pone di manifesto e dinamica compleho di e universidadnan Hulandes, caminda cu e discurso politico riba e stranheria ta influencia e sentimiento di acogida y integracion di e docente y e studentenan stranhero. E incertidumbre cu ta bin di e debatenan aki por influencia den e atractivo di e institucionnan Hulandes p’e comunidad academico mundial.

Dia internacional contra violencia contra hende muhe

No solamente awe y e resto di siman nos ta para keto pa demostra nos disgusto contra violencia dirigi contra hende muhe. Henter aña ta tende aki aya bosnan cu ta alza y ta protesta contra violencia en general, violencia contra yiunan y violencia contra hende muhe.

Mi kier trece algun punto padilanti cu tin di haber cu violencia en general y violencia domestico.

1. Origen di violencia ta cuminsa na cas. Den un cas unda e homber kier muestra cu ta E ta manda, e ta uza palabra malo contra su esposa y yiunan y terminologia insultante manera: bo ta mahos, gordo, dom. Bo no ta sirbi pa nada. Esaki nos ta yama violencia psicologico, verbal of mental. E NO ta crea un atmosfera di Paz y Amor den un hogar. *Al contrario:* e ta crea tension, mal ehempel pa nan yiunan cu ta bay haci mescos ora nan bira adulto.

2. E ta baha e estima propio di e hende muhe cu ta crea den su mente cu en berdad e ta mahos, gordo y no ta sirbi pa nada. Nos ta yama esey Salud Mental Negativo.

3. E yiunan ta bay actua mescos, e mucha homber ta crece cu e pensamiento cu ta asina mester trata su mama, su ruman muhe, y TUR mucha muhe. E ta imita e tata y ta cuminsa pusha, ranca cabey, dal mokete, skop. Esaki nos ta yama violencia transgeneracional. E ta ser pasa di mayor pa yiu. Y asina ta forma e Circulo Vicioso cu ta masha dificil di kibra. E ta cuminsa imita e tata den otro cosnan tambe, manera bebe alcohol: rom, whiskey etc. Of purba droga de bes en cuando. Y bringa pafo di cas pa muestra cu e ta Homber. E mucha homber ta externalisa loke el a mira di e tata y ta continua cu e patronchi negativo aki. P'esey e NO ta haci ningun trabou di cas manera pasa un basora of laba tayo of drecha cama. DIOS libra!! Y e ta cuida pa su amigonan no wak e pasobra esey lo ta un berguensa y nan lo cuminsa cu bullying!

4. E yiu muhe ta bay copia comportacion di su mama: e ta para wanta y guli tur cos. E ta carga tur cos paden. Nos ta yama esey: internalisa e violencia y e ta copia e comportacion di e mama. Dus den futuro ora e forma un hogar e ta continua cu e patronchi negativo aki. Tanto e comportacion di e yiu homber y e yiu muhe ta basa riba loke nos ta yama "rollen patroon": patronchi di e papel destina pa e homber y e hende muhe. Pa kibra e patronchi aki ta costa hopi tempo,

hopi esfuerzo pa cambia e manera di pensa. P'esey tin e proverbio cu ta bisa: "ta tuma henter un pueblo pa lanta un mucha". Cu otro palabra ta dificil pa cambia mentalidad di un pueblo. E violencia cu nos ta wak actualmente ta refleha gran parti di e violencia cu ta tuma luga na cas! Ta alarmante cuanto hoben, mucha homber y mucha muhe ta abusa di alcohol, y di tur sorto di droga, ta haci sex pa loco sin pensa riba e consecuencianan negativo: mamanan teenagers, malesanan sexual, violacion.

5. Pa trece cambio den e situacion aki nos mester pone atencion na nos comportacion cu otro, con nos ta trata otro. P'esey tin hopi campaña tumando luga pa muestra nos con pa trata otro, no bullying of provoca otro pa bringa y hasta yega na mata otro. Muestra con tof nan ta y ta cay victima di trafico di droga y ta haya hasta revolver pa "defende" nan mes y ta mata otro hende of hoben. Prizon ta yen di hoben cu a comete un crimen y hasta a mata otro hende of hoben. Nan ta daña nan propio bida pa semper sin menciona tur e verdriet cu nan ta causa otro hende.

>>>

Riba e dia aki Mundo henter ta mostra tambe riba e diferencia con ta trata hende homber y hende muhe por ehempel riba pago di trabou.

1. Den mi investigacion e resultadonan ta mostra cu HOPI Hende Muhe ta traha mas cu 40 ora pa siman. Kiermen cu nan NO ta na cas parti merdia. E muchanan ta nan so.

Esaki ta un peliger riba su mes pasobra bo NO sa cuanto peliger nan ta core pa motibo cu hendenan cu mal pensamiento por drenta nan cas y invita nan pa bay cumpra un icecream etc. y por abusa sexualmente di nan. Unicef a yega di mostra riba e peliger aki den un investigacion cu nan a haci na Aruba.

2. E Hende muhe ta yega cas cansa y e trabou di cas ta warda riba dje, mester cushina, duna e casa, yiunan, cachonan of pushinan cuminda, duna e matanan awa etc. No tin distribucion di trabou di cas entre Tata, Mama y yiunan.

SSSIII: yiunan mester siña drecha nan cama, muha mata, duna e bestianan cuminda. E Tata tambe por yuda den esaki y hasta den prepara cuminda! Di e manera aki ta siña cu tur hende ta coopera cu trabounan di cas. Hapon ta Campeon den esaki y ta duna ehempel ora nan ta competi afo den deporte y ta laga tur cos limpi atras!

Na Australia científiconan ta mostra riba esaki pa siña e muchanan cu tur miembro di cas ta comparti den trabou di cas. Di e manera aki ta kibra cu e Patronchi cu cierto trabou ta pa Hende Muhe so y no pa Hende homber. Di e manera aki nos lo contribui pa realisa derechonan igual entre Hende Homber y Hende Muhe.

3. Na Aruba tin caminda unda e Hende Muhe ta ricibi menos placa cu e Hende Homber pa e mesun trabou mientras cu articulo 1 di nos Constitucion ta bisa cu tur hende, sin distincion, tin derecho igual. Lo ta bon pa Gobierno controla esaki.

4. Por ultimo: Den mi investigacion varios Hende Muhe a skirbi cu nan NO sa cuanto nan casa of partner ta gana. Boso por comprende cu esaki ta trece discordia. Mi ta puntra mi mes: con nan ta haci pa palabra ken di nan ta paga kico? Den e situacion cu nos ta biba awor aki cu placa no ta yega, con nan ta resolve e pagonan obligatorio cu mester paga y cumpra cuminda? Mester bin cambio den esaki si nos ta bringa pa igualdad di derechonan

Mi deseo ta pa un dia yega cu nos lo alcanza Igualdad di Derecho y Eliminacion di Violencia Domestico.

Fortaleza pa Famia

Un sirbido ferviente ta haci oracion frecuente na Dios

TA keda na tur hende pa tene bon cuenta, pa nan telefon enbes di ta un instrumento di comunicacion y tecnologia, no bira un instrumento di idolatria den nan bida.

Pasobra e telefon cu nos tin den actualidad, ta traha pa hala atencion di hende, door di su capacidad, moderno y tecnologico. Pero ora hende cuminsa kere cu nan telefon ta mas importante cu Dios y cu sin telefon no tin bida, y si lubida telefon na cas, nan ta bira menos productivo na trabao, of ta bira malo pa bay cas, pa asina nan por tin e telefon, e telefon ta coy e dominio riba nan bida, y asina bira parti di idolatria.

Y cuanto hende actualmente no ta bibando den un situacion, caminda tur cos ta telefon, y ora no tin data, tin nervio, y ora no tin carchi, tin zundramento, y ta pasa henter dia riba e telefon, mientras cu hasta deber di cas ta cay atras. Accidente den trafico pa motibo di telefon. Boet halto pa paga, pa motibo di papia na telefon ora ta stuur. Pasobra no por pone e telefon for di man un momento, y nos no ta papiando di mucha, pero tambe di hende grandi cu ta biba bao di dominio di telefon.

Si hende por tabata asina activo den cosnan di Dios, nos lo tin un comunidad, completamente diferente. Dios kier pa nos ta sirbido ferviente di Señor, hende cu curason dedica na Señor, cu tin Cristo Hesus na prome luga den nos curason.

Ora nos ta ferviente den sirbi Señor, nos oracion tambe ta bira ferviente y un oracion frecuente haci door di un persona ferviente ta hala atencion di Dios (Daniel Capitulo 6 (1 Tesalonisensenan 4:17)).

E beneficio di sirbi Señor ferviente, ta garantisa nos bida y nos pan di cada dia (Mateo 6:11).

E ta sigura fabor di Dios riba nos bida (1 Corintionan 15:10),

E ta trece goso den nos bida (Lucas 10:17).

E ta engendra fruta sobrenatural den nos bida (Exodo 23:26).

Oracion ferviente ta establece relacion solido cu Dios (Revelacion 2:17).

Oracion ferviente ta uni nos cu Dios (Hechonan 8:18-22)

Oracion ferviente ta trece pas y tranquilidad (Mateo 11:28-29).

Oracion ferviente ta trece sanacion den Curpa, Mente y Spirito, (Isaias 38:5).

Oracion ferviente ta habri cielo y comanda favor di Dios (Genesis 39:21).

Oracion ferviente ta trece recurso abundante (Mateo 14-13-21).

Oracion ferviente ta siña bo conoce bo Dios (Juan 10:3-5).

Oracion ferviente ta haci nos madura den gracia y pasenshi (Filipensenan 4:6-7).

Oracion ferviente ta crece bo fe den Dios (Mateo 21:21).

Oracion ferviente ta trece sabiduria divino (Jeremias 33:3),

Ora nos ta sirbi Dios cu un curason ferviente, nos ta ricibi revelacion di Dios, pasobra Dios ta mira nos anhelo, y disponibilidad, y esey ta haci nos personanan cual Dios ta confia y por duna nos encargo pa cumpli cu ne.

Dios conoce cada curason y no ta bay duna encargo na un hende, cu no tin interes den e asuntonan di Dios. P'esey hopi hende ta envidia otro, pa e manera cu Dios ta uza un persona, pero nan no ta tene cuenta cu e persona ta ferviente den cosnan di Dios.

E diacono Esteban tabata un homber ferviente yen di Fe y di Spirito Santo, tabata haci maraviya, y milager grandi den pueblo, y hendenan cu no ta kere, no tabata por mas cune, nan a bira furioso y nan a lanta falso testimonio contra dje, locual a costa su bida. Esteban a wordo piedra mientras cu e tabata predica e Palabra.

Award ceremony for Stichting Music and Ban Serio

DURING the Soca Prefinals of the Aruba Caiso & Soca Monarch (ACSM), Stichting Musica urged everyone to “Ban Serio” for a clean Aruba!

Stichting Musica is proud to have “Ban Serio” as a sponsor of the festival. Both organizations are working together to bring sustainable solutions to the festival, prioritizing our environment and safety. In this way, Ban Serio contributes to Aruba’s culture and simultaneously encourages Soca and Calypso lovers to be more conscious of their waste during the festival and in general.

The ACSM Soca Prefinals were filled with excitement for both attendees and viewers. The production team behind the Soca Prefinals included interactive elements to entertain viewers and the live audience during band changes, also enhancing their knowledge of the festival. In this context, Ban Serio awarded prizes to the fans present

in the audience at The Venue. The audience shared their commitment to contributing to a better environment for Aruba and, in return, received a beautiful Ban Serio package.

Additionally, opportunities were given for those at home to participate through a WhatsApp campaign, and on Friday, November 24, the prizes were electronically distributed to the winners. In a highly enjoyable atmosphere, the winners entered the wave of positivity from Ban Serio and were impressed with the tremendous Carnival Package they won. Ban Serio’s reusable cooler bag and durable cups will undoubtedly help these individuals reduce their use of single-use plastics during the Carnival season.

Everyone left extremely pleased, and Stichting Musica appreciates Ban Serio for their excellent collaboration leading up to the final nights of ACSM, which will take place on January 26 and 27, 2024, at Carnival Village.

Nurturing Fitness with Tender Knees:

A Gentle Approach to Stay Active

MAINTAINING an active lifestyle can be challenging when grappling with knee issues, but adopting a cautious and tailored fitness routine can make all the difference. Striking a balance between staying fit and safeguarding your knees is crucial for overall well-being.

Low-Impact Cardio for Heart Health:

Navigating cardio with bad knees demands a shift to low-impact alternatives. Activities such as swimming, stationary cycling, and elliptical training provide cardiovascular benefits without subjecting knees to the jarring impact of high-impact exercises. These options not only safeguard your joints but also contribute to a healthy heart and improved overall fitness.

Strength Training with Knee Sensitivity:

Engaging in strength training is still very much possible with knee considerations. Opt for exercises that work multiple muscle groups without exerting excessive pressure on the knees. Leg presses, hamstring curls, and seated leg lifts can be valuable components of a strength training routine, promoting muscle development without compromising joint health.

Water Aerobics:

Diving into water aerobics offers a dual advantage of resistance and low-impact exercise. Whether participating in organized classes or enjoying a gentle stroll in the pool,

the buoyancy of water reduces stress on the knees while providing an effective workout. Water aerobics is a welcome option for those seeking a joint-friendly fitness solution.

Tailoring Bodyweight Exercises:

Bodyweight exercises can be adapted to accommodate bad knees. Squats with proper form, wall sits, and modified lunges can be integrated into your routine with adjustments to reduce strain on the knee joints. Prioritizing correct form ensures that you engage muscles without compromising joint health.

Seeking Professional Guidance:

Before embarking on any fitness journey with knee concerns, consulting with a healthcare professional or a physical therapist is paramount. They can provide personalized insights based on your specific condition, offering guidance on exercises, modifications, and gradual progress. A tailored approach, coupled with attentiveness to your body's signals, ensures that your fitness journey remains both effective and knee-friendly.

Nurturing fitness with tender knees, the key lies in embracing a holistic approach that values overall well-being.

With thoughtful choices and professional guidance, it's possible to foster an active lifestyle that supports your health and safeguards your knees for the long run.

Life as an Undocumented Immigrant in a Small Island Community

THE serene landscapes of a small island community, the challenges faced by undocumented immigrants become amplified, requiring tenacity, innovation, and a strong sense of community. For those living in the shadows of legality, building connections within the local community becomes paramount. Engaging in community events, joining clubs, and volunteering not only fosters a sense of belonging but also establishes a support network that can be vital during challenging times.

Understanding the legal landscape is crucial for individuals navigating life without proper documentation. Seeking legal advice from local immigration support organizations provides insights into available resources, potential pathways to legal status, and protections for one's rights. Knowledge of these rights empowers undocumented immigrants to face adversity with resilience.

Employment opportunities pose a significant consideration, often pushing individuals to find work within the informal economy. While "under-the-table" jobs might be a necessity, individuals must exercise caution due to potential legal implications. Investing in skill development through workshops or courses enhances employability and opens doors to more stable opportunities.

Access to essential services such as healthcare and education is another critical aspect. Investigating available healthcare options, regardless of immigration status, and exploring educational opportunities for both adults and children contributes to the overall well-being of undocumented individuals and their families.

Survival in the face of hardship requires effective financial management. Developing a budget, prioritizing essential expenses, and seeking community assistance when necessary helps navigate the economic challenges that may arise. Ultimately, building a resilient life as an undocumented immigrant in a small island community hinges on a delicate balance of community engagement, legal awareness, skill development, access to services, and prudent financial planning. Through determination and community support, individuals can not only survive but also thrive in the midst of adversity.

True Colors Shine in Tough Times:

Recognizing Genuine Friends Amid Adversity

NAVIGATING challenging times unveils a poignant truth about friendships — adversity serves as a litmus test, revealing the depth and authenticity of our connections. The journey through hardship provides a unique vantage point to discern who stands steadfast beside us when the winds of life blow strongest.

Shared Empathy and Understanding:

In times of hardship, genuine friends rise to the occasion with unwavering empathy and understanding. They don't shy away from the discomfort but actively seek to comprehend your struggles. True friends offer a listening ear, a comforting presence, and a genuine concern for your well-being, showcasing their commitment beyond the fair-weather moments.

Actions Speak Louder Than Words:

Amid adversity, authentic friends don't merely offer platitudes; they demonstrate their commitment through tangible actions. Whether it's a small gesture of support, a helping hand, or simply being present, these actions echo louder than words. Genuine friends showcase their loyalty through deeds that alleviate the burdens of hardship.

Consistency Through Thick and Thin:

Recognizing true friends in difficult times involves assessing the consistency of their presence. Genuine friendships are not seasonal; they endure both sunny days and stormy nights. Friends who stand by you in adversity are the ones

who have consistently demonstrated their loyalty, proving that their commitment transcends fleeting moments of convenience.

Vulnerability and Open Communication:

Authentic friendships thrive on vulnerability and open communication. In tough times, genuine friends create a safe space where you can express your fears, doubts, and struggles without judgment. They encourage openness and vulnerability, fostering an environment where trust can deepen, and connections can withstand the tests of adversity.

Celebrating Triumphs and Enduring Defeats:

True friends are there not only in moments of struggle but also during triumphs. They celebrate your successes with genuine joy and offer a steady hand when faced with defeats. Recognizing friends who endure both highs and lows signifies the depth of a friendship that transcends external circumstances.

The crucible of adversity, friendships are refined, revealing their true essence. The individuals who stand unwaveringly beside you, offering support, empathy, and consistency, are the ones worth cherishing. The journey through tough times serves as an invaluable guide, illuminating the path towards authentic connections that weather life's storms with resilience and grace.

The Profound Art of Letting Go:

An Act of Love and Liberation

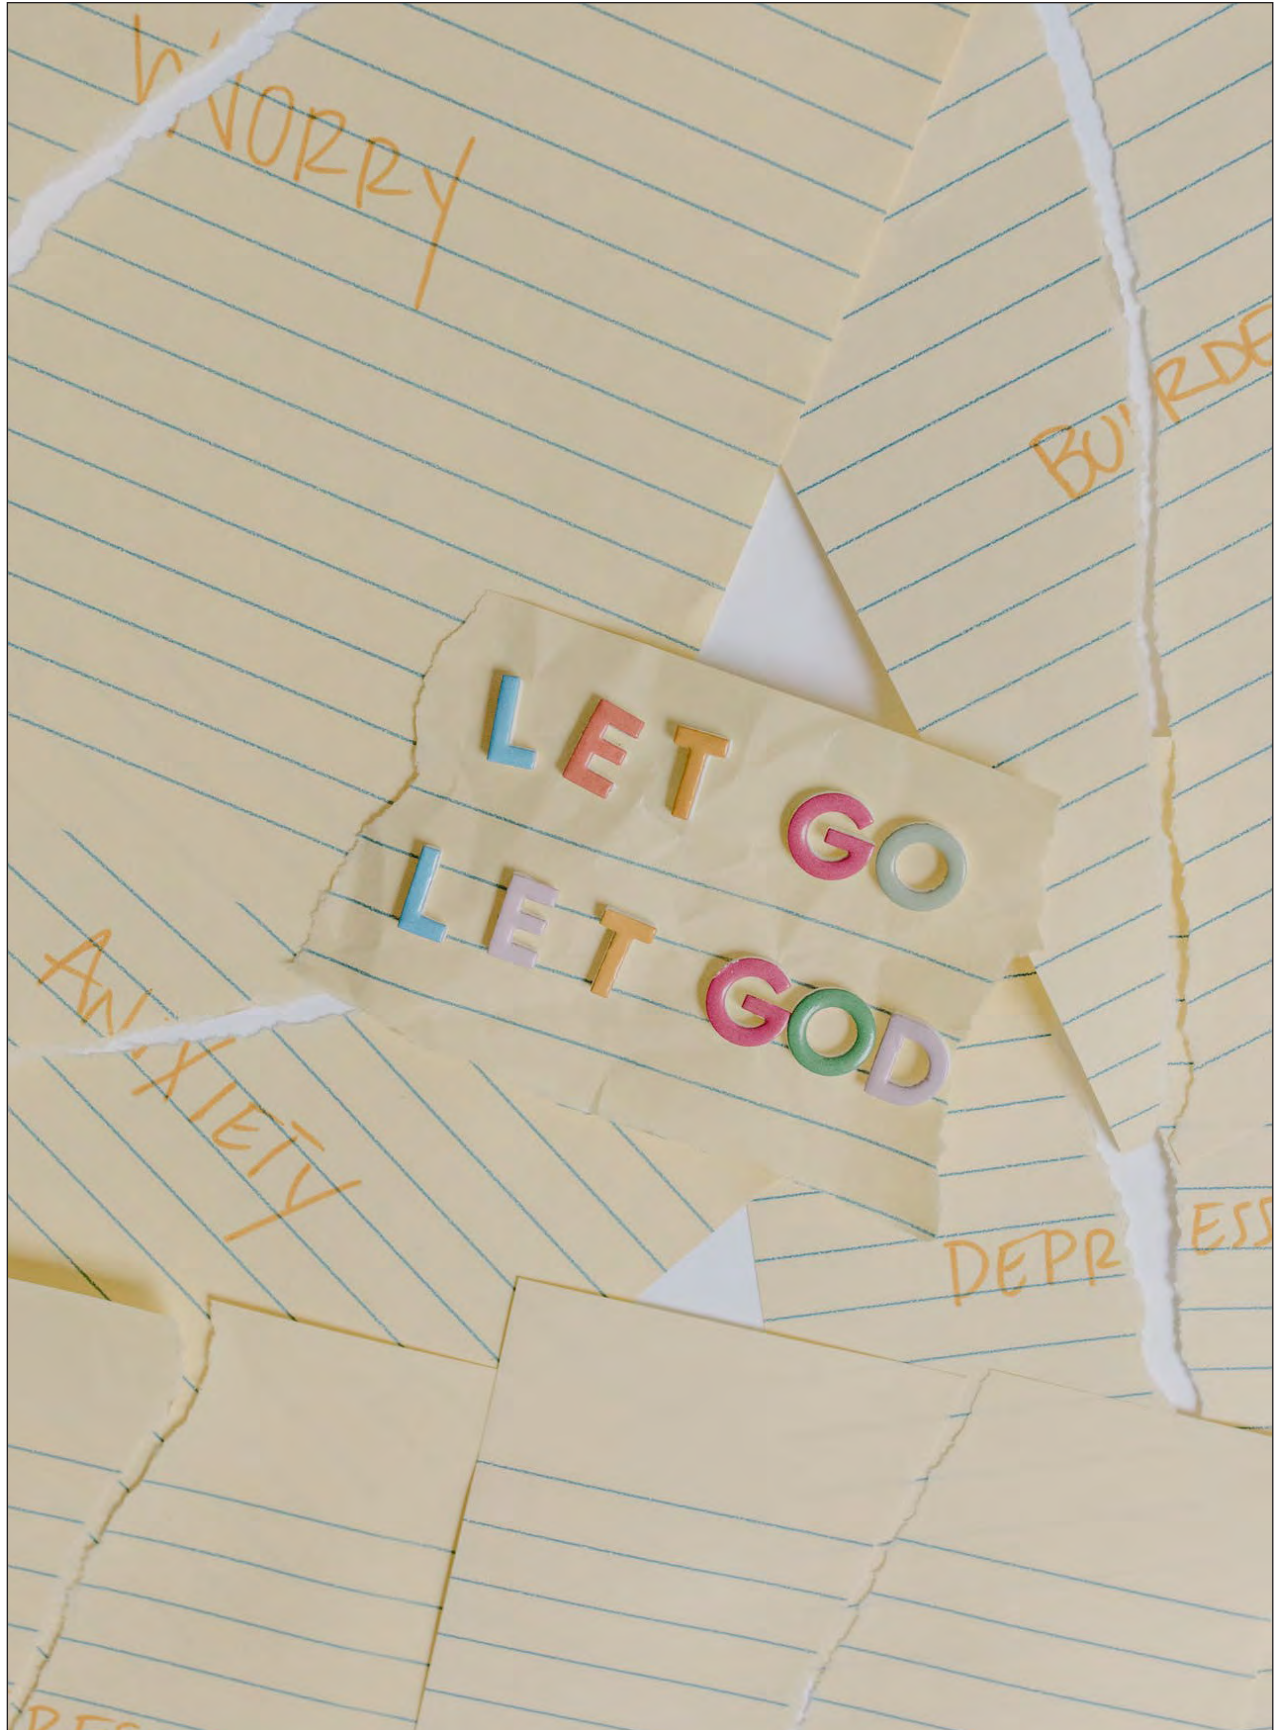

THE intricate tapestry of life, Abbey Wesson pens an enlightening perspective on the profound act of letting go. In her insightful article, she contends that releasing something or someone when the time is no longer right can be the ultimate act of service—an expression of love for life and the world.

Wesson posits that relinquishing elements that no longer align with our journey involves setting aside ego, embracing change, and making space for what truly resonates with our evolving selves. She challenges the notion that we are the center of the universe, urging us to recognize the wealth of relief and perspective that comes from understanding our significance in the grand scheme of things.

Letting go, as Wesson acknowledges, is no easy feat. It dredges up past rejections, heartbreaks, and childhood memories. It taps into our deepest insecurities and challenges our self-worth. Yet, she argues, beyond the struggle lies an essential time of learning and growth.

Wesson shares valuable insights on navigating the process with grace. She encourages excitement for new beginnings, gratitude for lessons learned, and a celebration of personal achievements and growth. The focus, she emphasizes, should shift from constructs and identities to the core of our relationships—the “why” and the “who.”

A key aspect of Wesson’s philosophy is facing emotions head-on. Instead of resisting or numbing the intensity of feelings, she advocates for embracing them fully, allowing them to run their course. In doing so, she believes, one emerges stronger, more connected,

and ultimately free.

The article resonates with the essence of Cartography—learning what is not our unique path. Wesson explores how clinging to others’ visions can lead to a loss of self but emphasizes the liberating aspect of letting go, an act of love toward oneself and the interconnected ecosystems we navigate.

In a world often driven by insecurities and a desire for categorization, Wesson’s perspective encourages a deeper connection to our true selves, a focus on the present moment, and a playful curiosity about life’s mysteries. Letting go, in her narrative, becomes a transformative journey—a courageous embrace of change and an affirmation of self-love and liberation.

Breaking Stereotypes:

Men Embrace Expanded Roles in Family Dynamics

A notable societal shift, men are increasingly redefining their roles within family dynamics, transcending traditional stereotypes and embracing a more active involvement in caregiving and parenting. This transformation signifies a departure from conventional expectations, with men not only contributing as breadwinners but also taking on responsibilities as caregivers and emotional supports within the family unit.

The evolving landscape of family dynamics reflects a broader societal trend towards recognizing the diverse skills and capabilities of individuals, irrespective of gender. Men, traditionally cast in the role of primary providers, are now finding a more multifaceted role within the family structure. This shift is not just about sharing financial responsibilities but also about sharing the joys and challenges of parenting and emotional support.

One significant catalyst for this change is the increasing emphasis on equality and partnership in relationships. The concept of shared responsibilities is gaining acceptance, challenging the notion that certain tasks or roles are inherently tied to one gender. Men are stepping into caregiving roles with a commitment to creating a more balanced and

harmonious family life.

Education and awareness campaigns promoting gender equality have played a crucial role in breaking down stereotypes and encouraging men to actively participate in parenting. The understanding that both parents contribute uniquely to a child's development is reshaping societal expectations and fostering healthier family dynamics.

Moreover, the acknowledgment of emotional intelligence as a valuable trait for all individuals has contributed to men embracing their role as emotional supports within the family. Open communication and shared decision-making are becoming pillars of modern family life, fostering an environment where each family member's contributions are valued.

As we witness this paradigm shift in family dynamics, it becomes clear that the journey toward true gender equality involves dismantling preconceived notions about roles and responsibilities.

The evolving roles of men in caregiving and parenting exemplify a society moving towards greater inclusivity and recognizing the diverse strengths that each individual, regardless of gender, brings to the family unit.

Caribbean Private Sector Takes Swift Action to Tackle Transportation Challenges

THE Caribbean Private Sector Organisation (CPSO) has responded promptly to the call from CARICOM governments to address transportation issues by initiating discussions on a collaborative approach. CPSO CEO Dr. Patrick Antoine revealed that representatives engaged in talks with shipping and logistics partners, the African Export-Import Bank (AFREXIMBANK), and the African Business Council. These discussions aim to find solutions to the transportation challenges highlighted by Guyana's President, Irfaan Ali.

Dr. Antoine explained that the private sector is forming a working team to assess the demand for agricultural and industrial products and establish trade corridors. The next steps involve issuing Requests for Proposals, allowing businesses to approach financial institutions. The CPSO aims to determine policies and incentives required from governments to facilitate cost-effective transportation, particularly considering the high costs associated with some ports in the region.

President Ali, addressing the 3rd African-Caribbean Trade and Investment Forum, urged the private sector to develop a plan with AFREXIMBANK financing to address regional transportation problems. He emphasized that CARICOM governments would facilitate such a consortium, providing incentives and support for investment. Dr. Antoine highlighted the unprecedented political commitment from CARICOM governments in addressing the transportation issue.

The CPSO's response indicates a sense of

urgency and commitment to finding practical solutions to enhance intra-regional trade. The focus on private sector involvement, supported by governmental incentives, aligns with the goal of reducing CARICOM's food imports by 25% by 2025. The political commitment demonstrated by regional leaders is viewed as a positive development in driving collaborative efforts to overcome longstanding transportation challenges.

US Calls for Swift Extradition of Sinaloa Cartel's Lead Assassin Arrested in Mexico

U.S. Attorney General Merrick Garland has urged the “swift extradition” of Néstor Isidro Pérez Salas, known as “Nini,” following his apprehension by the Mexican National Guard in Culiacán, Sinaloa. Pérez Salas is considered a lead assassin for the notorious Sinaloa Cartel, responsible for violence and drug trafficking.

The Justice Department describes Pérez Salas as one of the Sinaloa Cartel’s main hitmen, with a history of orchestrating violence using military-grade weapons against rival traffickers, civilians, and security forces. He was charged in the U.S. in February 2021 for cocaine and methamphetamine trafficking conspiracy, possession of machine guns, and witness retaliation. The State Department had a standing reward of up to \$3 million for information leading to his arrest.

Allegedly working directly for Oscar Noé Medina González, a subordinate of Iván Archivaldo Guzmán Salazar, one of Joaquín “El Chapo” Guzmán’s sons, Pérez Salas is accused

of heading the security apparatus for Los Chapitos, a faction within the Sinaloa Cartel. He is also implicated as a commander of the violent “Ninis” cell within Los Chapitos.

Mexican President Andrés Manuel López Obrador and the Mexican Army, along with special forces, successfully captured Pérez Salas. President Joe Biden commended the operation, stating that Pérez Salas had been one of the most wanted criminals in both Mexico and the U.S. for nearly three years. Biden emphasized the importance of U.S.-Mexico collaboration in securing communities, countering cartels, and combating illicit fentanyl.

The arrest aligns with ongoing efforts to address the international drug trade and dismantle criminal organizations. As the extradition process unfolds, authorities on both sides of the border are expected to cooperate closely to ensure Pérez Salas faces justice for his alleged crimes, further bolstering the collaborative approach to combating transnational criminal networks.

Indian Doctor Advises Caution as Mystery Respiratory Disease Affects Children in China

DR. AJAY Shukla, Director of Ram Manohar Lohia Hospital, has issued advice amid the reported outbreak of undetermined pneumonia, potentially H9N2, impacting children in northern China. The outbreak has led to overwhelmed children's hospitals in various locations.

Dr. Shukla emphasized the following precautions:

Maintain Cleanliness: Emphasized routine cleanliness practices and encouraged individuals to use masks, preferably N95 and N99, especially when outdoors due to pollution concerns.

Social Distancing: Urged maintaining distance from individuals with respiratory illnesses to prevent the transmission of viral infections.

Hand Hygiene: Emphasized the importance of washing hands regularly to maintain safe and healthy practices.

Dr. Shukla acknowledged the challenges China is facing, with an increase in small children admitted to hospitals with respiratory illnesses. He highlighted the disruption caused by the surge, leading to schools advising children not to attend classes.

The Director mentioned that available information is limited,

but some experts attribute the rise in infections among children to the impact of COVID-19 and stringent lockdowns in China. The lowered immunity in the population, including children, could contribute to a rebound in cases.

While experts suggest potential bacterial or viral infections, specifically mentioning *Mycoplasma pneumoniae*, Dr. Shukla assured that there is no need to panic in India. He stated that no cases of the mysterious respiratory disease have been reported in India, and there is no abnormal increase in respiratory illnesses at his hospital.

Dr. Shukla cautioned against comparing the situation to the COVID-19 pandemic, emphasizing the need to monitor the situation closely and await additional information. He noted that the increase in influenza cases before winter is typical and doesn't indicate an abnormal surge.

Dr. Shukla encouraged people not to panic, follow basic hygiene practices, and stay informed as the situation develops.

The World Health Organization has sought detailed information from China on the surge in respiratory illnesses among children, reminiscent of its early inquiries about COVID-19.

Venezuelan Ambassador Ensures No Invasion Amid Essequibo Referendum

VENEZUELAN Ambassador to Guyana, Carlos Amador Pérez Silva, dismissed concerns of an invasion, assuring that Venezuela would not engage in any conflict, even if the people vote 'yes' to declare Essequibo a state of Venezuela. Pérez Silva emphasized diplomatic solutions, attributing invasion fears to misinterpretation.

The deployment of troops along the Guyana-Venezuela

border is framed as an effort to combat gold smuggling and other crimes, not a precursor to conflict. Regarding the December 3, 2023, referendum, Pérez Silva stressed it as an "internal activity," stating, "There is no intention whatsoever to create a conflict or something like that."

The ambassador underscored adherence to international law and diplomacy, dispelling notions of war. He highlighted that troop movements aimed at internal security matters are part of "Operation Roraima" against illegal activities, including gold mining and drug trafficking.

Pérez Silva anticipates a detailed explanation at the International Court of Justice (ICJ) regarding the ongoing territorial dispute, maintaining Venezuela's historic position of diplomacy over conflict resolution. Despite Venezuela's non-recognition of the ICJ's jurisdiction, they continue to participate in related hearings. The U.S., Canada, and regional organizations have condemned Venezuela's actions, emphasizing Guyana's right to exploit its resources.

European Countries Reinstate Border Controls Amid Migration Surge

AS the European Union grapples with an increase in legal and illegal migrant arrivals, several member states have temporarily reintroduced border controls within the Schengen zone. The Schengen rules permit such measures "as a last resort" in response to serious threats to internal security or public policy.

Here are key instances:

Austria: Border checks with the Czech Republic (until Dec. 6) and extended controls with Slovenia and Hungary (until May 2024) due to pressures on the asylum reception system, arms trafficking threats, criminal networks related to the war in Ukraine, and people smuggling.

Denmark: Prolonged checks on the Danish-German land border and ports with ferry connections to Germany (until May 2024) citing increased irregular migration, terrorism threats, and the war in Ukraine.

Germany: Controls on land borders with Poland, the Czech Republic, and Switzerland (until Dec. 4) in response to immigration surge and smuggling. Extended land border checks with Austria (until May 2024) due to asylum system strain,

security threats, and the war in Ukraine.

Italy: Reinstated police checks at its northeast land border with Slovenia (until Dec. 9) based on concerns that migrants on the Balkan route could include terrorists.

Norway: Reintroduced border controls in ports with ferry connections to the Schengen area (until May 5, 2024) citing threats to on-shore and off-shore infrastructure and foreign intelligence services.

Poland: Extended temporary controls on the border with Slovakia (until Dec. 3) due to migrants attempting illegal entry.

Sweden: Extended strengthened checks on borders (until May 2024) with increased powers for border police and electronic surveillance, responding to elevated terrorism threats.

France: Reintroduced controls on borders with Schengen members (until April 30, 2024) citing terrorism threats following a raised terrorism threat level.

These measures highlight the complex challenges faced by EU nations in managing migration and responding to security concerns.

Dutch Election:

Geert Wilders' Victory Sparks Divided Opinions on Immigration

GEERT Wilders, dubbed the 'Dutch Trump,' secured an election triumph with his anti-migration and Eurosceptic stance, leaving the Netherlands in a state of deep division. Wilders is now working to form a coalition government and enact stringent immigration policies, including proposals to ban mosques and Islamic schools.

In the aftermath of the election, sentiments among Dutch citizens reflect a sharp generational and geographic divide. Residents under 30, particularly in the diverse and liberal city of Amsterdam, overwhelmingly express opposition to Wilders. Student Anna De-Groot, 21, emphasized that the capital, known for its liberal values, is at odds with Wilders' ideology, suggesting that his supporters predominantly hail from smaller villages.

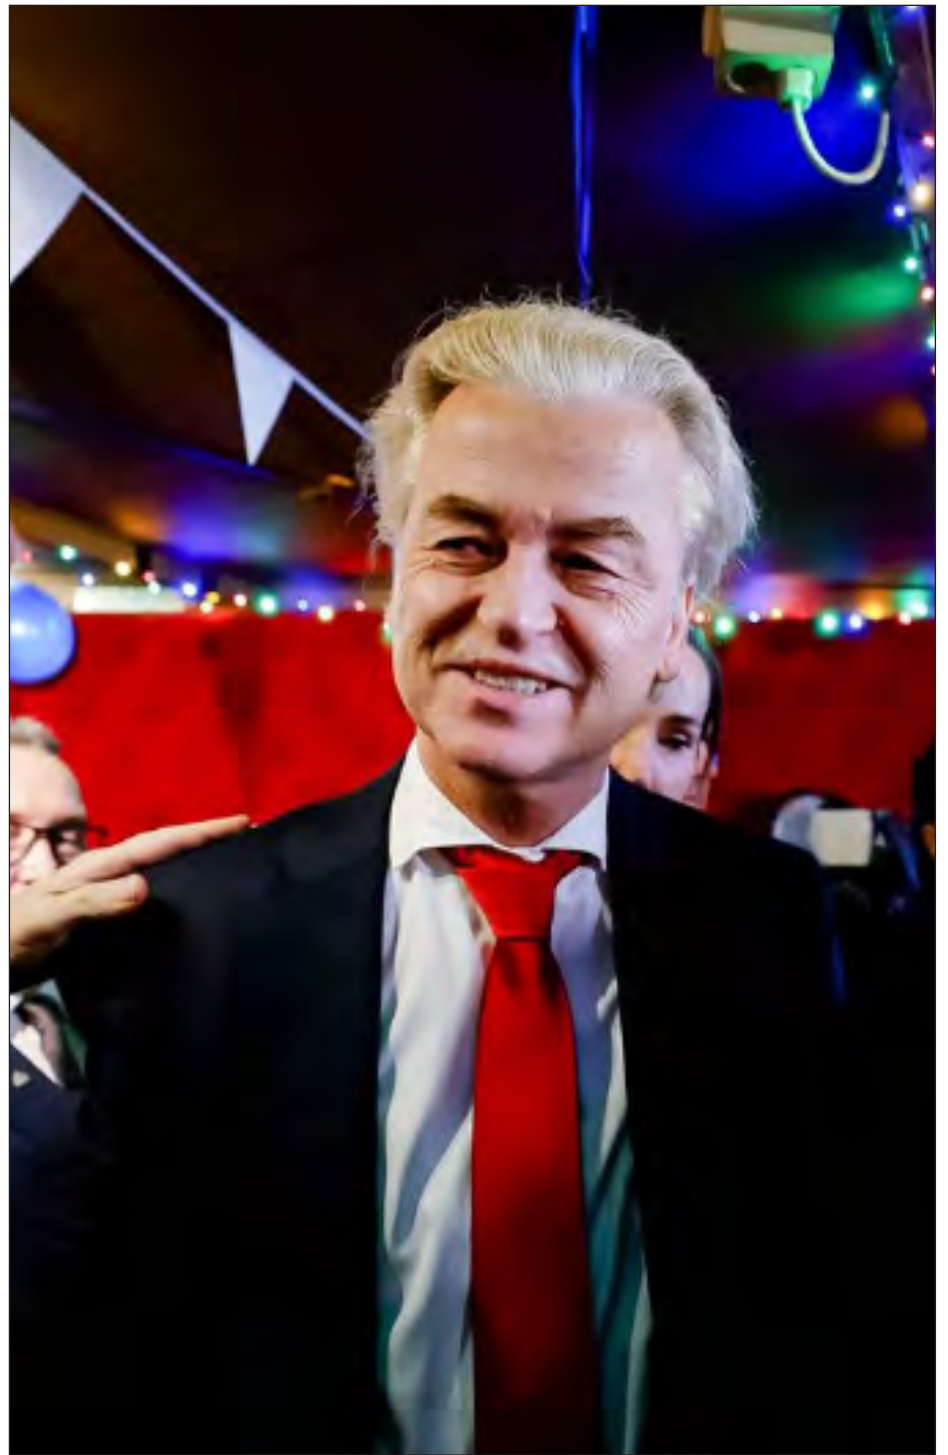

However, older working-class voters, especially outside Amsterdam, lean towards supporting Wilders. Market stall holder Fred Junior, 59, endorses Wilders, citing concerns about overcrowding in Amsterdam and supporting measures to limit immigration.

The generational gap is evident in contrasting views. Student Sophia Malla, 20, from Rotterdam, supports Wilders, disillusioned with the previous Prime Minister's handling of the Covid pandemic. She acknowledges Wilders' extreme views but sees this as his chance for change.

The sentiments of utility worker Marvin Tellegde, 43, reflect the belief that Wilders may need to moderate his rhetoric to succeed in a coalition government. Tellegde observes a divide between urban and rural areas, with city dwellers less inclined to support Wilders.

Retired publisher Hubert Vanderkle, 67, who did not vote for Wilders, anticipates challenges in leading the country due to the high immigrant population in Amsterdam. He underscores the need for moderation in Wilders' proposals, especially concerning Islam.

Chiz De-Groot, 24, echoes the sentiment of the younger demographic, expressing opposition to Wilders and describing him as "bad news for anyone who is not old and white."

The city of Rotterdam, known for its more diverse population, features contrasting opinions. While student Sophia Malla supports Wilders, others voice skepticism. The diverse perspectives illustrate the complexities of public opinion regarding Wilders' far-right platform.

As Wilders works to form a coalition government, opinions on immigration remain a central point of contention. While supporters applaud his stance, opponents express concern about the potential consequences of restrictive policies. The nation grapples with the aftermath of an election that has exposed deep divides on issues of identity, immigration, and the future direction of Dutch politics.

Yankees Explore Pitching Options in MLB Offseason:

Possible Reunion with Jordan Montgomery

AS the 2023-24 MLB offseason gains momentum, the New York Yankees are actively seeking solutions to bolster their pitching rotation. A notable consideration on their radar is the prospect of a reunion with left-hander Jordan Montgomery, according to Jon Heyman of the NY Post.

Montgomery, who spent the initial five and a half seasons of his career with the Yankees, was traded to the St. Louis Cardinals before the 2022 trade deadline and subsequently found success with the Texas Rangers during the 2023 season.

During his stint with the Rangers, Montgomery emerged as a breakout star, contributing significantly to their World Series triumph. His impressive stats included a 2.79 ERA, 1.09 WHIP, and 58 strikeouts across 11 starts. The Yankees, meticulous in their rotation targets, are now considering bringing back Montgomery to reinforce their pitching lineup for the upcoming season.

The Yankees have also been active in other areas, recently securing a deal with right-handed reliever Yerry De Los

Santos. The contract, announced by his representatives, Epitome Sports Management, is a minor league deal with an invitation to spring training. The deal includes performance-based clauses, offering a potential payout of \$900,000 if De Los Santos reaches the majors.

Additionally, the Yankees are exploring international talent, showing interest in Korean outfielder Jung-Hoo Lee. The 25-year-old, a former Rookie of the Year and Gold Glove award winner, has caught the attention of teams like the Yankees and San Francisco Giants. Lee's prowess lies in his bat-to-ball skills, boasting a career .340 batting average and an impressive .407 on-base percentage.

As the Yankees navigate the offseason, their active pursuit of pitching talent and exploration of both domestic and international markets indicate a strategic approach to fortify their roster for the challenges of the upcoming season. The potential reunion with Montgomery remains a focal point, reflecting the team's commitment to assembling a competitive and well-rounded pitching staff.

BKFC President David Feldman Responds to Francis Ngannou's Free Agency Claims

BKFC President David Feldman has addressed Francis Ngannou's recent claims regarding free agency talks, shedding light on the controversy that emerged in April. Feldman had previously stated that he reached out to Ngannou during his free agency period and deemed Ngannou's financial expectations as "unrealistic."

Ngannou, now with the PFL, refuted Feldman's statement

when he signed with the league, asserting that Feldman "never even reached out" for business discussions. In a recent interview with MMA Junkie, Feldman clarified that he never directly spoke to Ngannou but engaged with his team, particularly his manager, Marquel Martin.

While admitting to not speaking directly to Ngannou, Feldman defended the integrity of his statement, emphasizing his commitment to transparency. He stated that he wouldn't fabricate a story about discussing financial terms with a prominent MMA figure if it weren't true. Feldman expressed the view that if Ngannou was unaware of their conversations, it was an issue between Ngannou and his team.

Despite the differing accounts, Ngannou's career has flourished with the PFL, allowing him to pursue a high-profile boxing match against WBC heavyweight champion Tyson Fury, which took place last month in Saudi Arabia. Ngannou exhibited an impressive performance, securing the only knockdown, but Fury ultimately claimed a split decision victory.

Equestrian Milestone:

Hayley Turner Achieves Historic 1,000 Wins as British Female Jockey

HAYLEY Turner, a trailblazer in the world of horse racing, etched her name in history by becoming the first British female jockey to secure 1,000 victories. The significant milestone was reached during the Illuminate Christmas Ball Handicap at Chelmsford, where Turner guided Tradesman to a triumphant finish.

Turner, aged 40, had awaited this achievement for 16 days, and her perseverance bore fruit as Tradesman, trained by David Simcock, delivered a remarkable performance. The seasoned jockey's career has been marked by several groundbreaking moments, including being the first female to win a Group One outright in the 2011 July Cup aboard Dream Ahead.

In the two-mile contest at Chelmsford, Turner showcased her prowess as Tradesman strategically surged through the field, ultimately clinching victory by a length and three-quarters. The win was met with cheers as Turner, beaming with smiles, made her way to the winners' enclosure, receiving

warm congratulations from Simcock.

Reflecting on the accomplishment, Turner acknowledged the pressure she had placed on herself and expressed relief after attaining the 1,000-win landmark. She highlighted the contributions of emerging female jockeys and expressed pride in playing a role in their careers.

Michael Bell, who played a pivotal role in Turner's early career, praised her as a role model for all jockeys and credited her with setting standards in a sport where female jockeys faced challenges. Turner's journey began in 2000, and over the years, she accumulated numerous accolades, from winning apprentice titles to breaking gender barriers in prestigious races.

While her achievement is remarkable in the British racing scene, the world record for career wins by a female jockey stands at 3,704, held by American rider Julie Krone. Turner's feat adds another illustrious chapter to her storied career, inspiring future generations in the sport.

Political Pandering:

When Agriculture Becomes a Pawn and Farmers Bear the Brunt

THE intricate web of political maneuvering, the vital sector of agriculture often finds itself thrust into the spotlight, not for genuine concern but as a mere pawn in the political chessboard. The repercussions of such tactics are far-reaching, impacting farmers who, in the relentless game of power, become casualties rather than beneficiaries of political decisions.

As political agendas unfold, the agricultural landscape becomes a symbolic battleground. Promises are made, slogans are coined, and images of political figures adorned in farm attire flood campaign materials. Yet, the question remains—do these gestures translate into meaningful policies that address the challenges faced by farmers, or are they merely theatrical performances to secure votes?

The unfortunate reality is that, all too often, the latter holds true. The agricultural sector, a cornerstone of a nation's sustenance, becomes a political item—a tool exploited for short-term gains rather than nurtured for long-term stability and growth. The disconnect between political rhetoric and tangible actions creates a precarious environment for farmers who bear the weight of unfulfilled promises. In this political theater, the genuine welfare of farmers is overshadowed by the pursuit of political victories. Issues such as fair pricing, access to resources, and sustainable

farming practices are relegated to the sidelines as the agricultural narrative is co-opted for political posturing.

The consequences of this political exploitation are felt acutely in rural communities. Farmers, whose livelihoods depend on the unpredictable forces of nature and market dynamics, deserve policies that genuinely support their resilience and prosperity. When politics views agriculture merely as a bargaining chip, it jeopardizes the very foundation of a nation's food security.

It is imperative for citizens to scrutinize political agendas and demand accountability. The agricultural sector's challenges are complex and require nuanced, sustainable solutions rather than empty promises. As voters, recognizing the difference between genuine commitment to agricultural welfare and political posturing is crucial for fostering a system where the well-being of farmers is prioritized over political expediency.

The relentless pursuit of political victories, let us not forget that agriculture is not a mere political item but a lifeline for nations. When politicians use it as a pawn without genuine care for its well-being, the repercussions extend beyond the fields, affecting the very fabric of a nation's prosperity and stability.

The Timeless Allure of a Perfectly Cooked Steak

THE ever-evolving landscape of culinary preferences, one timeless delight remains a steadfast favorite among many—steak. The allure of a well-cooked steak, whether expertly grilled under an open sky or meticulously pan-seared in a cozy kitchen, continues to captivate taste buds and evoke a sense of indulgence.

Grilling enthusiasts extol the virtues of the open flame, where the searing heat imparts a tantalizing smokiness to the meat. The ritual of preparing the grill, the sizzle as the steak makes contact with the hot grates, and the aromatic dance of seasonings create an atmosphere that is as much about the experience as it is about the meal.

On the flip side, the art of pan-searing demands precision and finesse. A hot skillet, a pat of butter, and the unmistakable sound of a steak searing to perfection—these elements converge to create a sensory symphony that heralds the

impending feast.

What makes a well-cooked steak truly exceptional is the mastery of doneness. Whether one prefers a succulent medium-rare or a thoroughly cooked well-done, achieving the perfect level of doneness is an art form that skilled chefs and home cooks alike strive to master.

Accompaniments play a supporting role in this culinary drama. From classic choices like garlic mashed potatoes and sautéed vegetables to more adventurous pairings like truffle-infused mac ‘n’ cheese or creamy blue cheese sauce, the sides elevate the steak experience to a gastronomic celebration.

In a world where food trends come and go, the enduring popularity of a perfectly cooked steak underscores its status as a culinary classic. It’s not just a meal; it’s a sensory journey—a celebration of flavors, textures, and the timeless joy of savoring a hearty, indulgent dish that transcends generations and culinary fads.
